

DNR-CBL-461

DMM and MUX Cable Accessory

- Enables users to increase the number of channels connected to the DMM
- Less wires equals less labor and cost savings. This cable connects *internally*, inside the [Racktangle](#) or the [HalfRACK](#)
- The DMM/Multiplexer [261 / 461](#) combination will boost your testing and controlling needs, manage more data and test
