

## 62-pin to 37/62 pin Cable Connects DNx-MF-101 I/O Board or UEI-PIO-1010 Interface to the DNA-STP-MF-101 Screw Terminal Board

### DNA-CBL-MF-101

#### KEY FEATURES

- Rugged, reliable shielded cable
- Long-term product availability with UEI's industry leading 10-Year Availability Guarantee
- 3-Year Standard Warranty, 5-Year Available
- 100% COTS
- Also included in the DNA-MF-CBL-STP kit

## General Description

The DNA-CBL-MF-101 cable provides the 62-pin connector for the MF-101 board and Panel I/O interface as the 37/62 pin cables that connect to the DNA-STP-MF-101 screw terminal board. The cable and screw terminal may be ordered separate if desired. This allows you to order spares, but perhaps most importantly, it allows you to hardwire screw terminal boards into more than one system and to move the DNx-MF-101 board between applications without disrupting existing field wiring.

## Ordering Information

Product	Description
DNA-CBL-MF-101	62-pin to 37/62 pin Cable Connects DNx-MF-101 I/O Board or UEI-PIO-1010 Interface to DNA-STP-MF-101 Screw Terminal Board
