

PDXI-STP-96

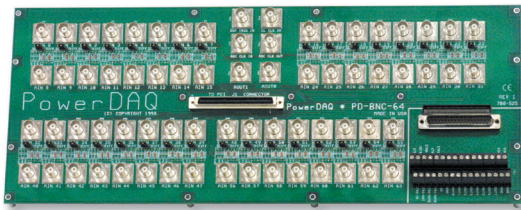

PDXI-STP-96 Panel

This accessory allows easy connection of field I/O signals to any PDXI-MF(S) board. It includes one 96-pin male connector for direct connection to 96-pin cables. The screw terminal panel includes standoffs for use on a desktop or mounting in a custom panel. The PDXI-STP-96 has one 80-pin male connector for direct connect to 80-pin cable.

19" rack-mount option: use PD-19RACK

Technical Specifications

Part #	Analog Inputs	Analog Outputs	Digital I/O Lines	Counter/Timers	Digital Trigger	A/D Clock Input	A/D Clock Output	Channel-List Clock Input	19" Rack Mount	Dimensions
PDXI-STP-96	up to 64 SE/32 DI	2	32	3	1	1	1	1	Yes	17.5 x 3.5" (430 x 86 mm)

PDXI-BNC-64

PDXI-BNC-64 Connection Panel

The PDXI-BNC Series panels feature signal-labeled BNC connectors for easy connectivity of analog input, analog output, digital I/O and counter/timer signals to your PDXI-MF(S) board. The PDXI-BNC-64 work with all PowerDAQ multifunction boards.

19" rack-mount option: use PD-19RACKW (wide version)

Technical Specifications

Part #	Analog Inputs	Analog Outputs	Digital I/O Lines	Counter/Timers	Digital Trigger	A/D Clock Input	A/D Clock Output	Channel-List Clock Input	19" Rack Mount	Dimensions
PDXI-BNC-64	up to 64 SE/32 DI	2	16	3	1	1	1	1	Yes	17.5 x 7" (430 x 172 mm)

Accessories for PowerDAQ PDXI-MF Boards

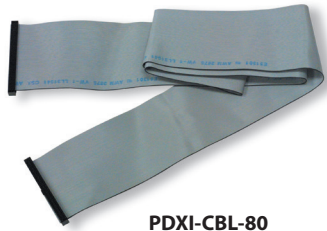

PDXI-CBL-96

PDXI-CBL-96 Cable

96-way pinless, round shielded cable with metal cover plates. Use this cable to connect a PDXI-MF(S) series board to 96-pin connector on a screw-terminal panel or BNC panel. It includes two Fujitsu FCN-247J096-G/E connectors.

PDXI-CBL-96	1m
PDXI-CBL-96-6FT	6 ft
PDXI-CBL-96-9FT	9 ft

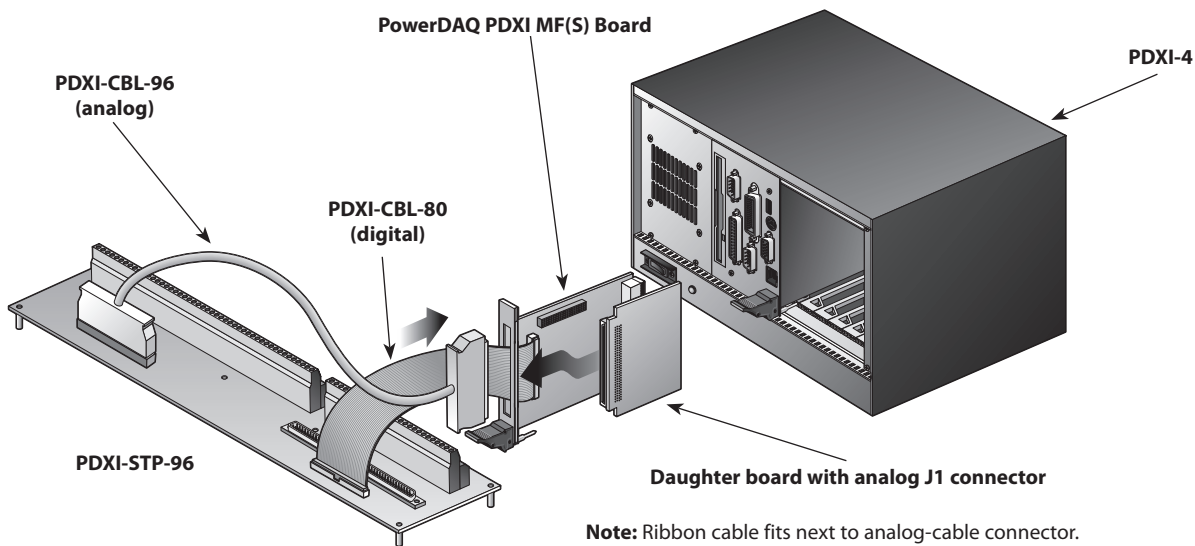

PDXI-CBL-80

PDXI-CBL-80 Cable

Digital ribbon cable with two 80-pin IDC connectors allows to connect from any PDXI-MF(S) series board to 80-pin connector accessories.

Ordering Information

PDXI-STP-96	Screw terminal panel with 96-pin and 80-pin connector
PDXI-STP-96-KIT	Complete kit: Includes PD-STP-96, PD-CBL-96 and PDXI-CBL-80
PDXI-BNC-64	64-channel BNC panel
PDXI-BNC-64-KIT	Complete kit: Includes PD-BNC-64, PD-CBL-96, PDXI-CBL-80
PDXI-CBL-96	96-way pin-less, 1m, round, shielded cable with metal cover plates
PDXI-CBL-96-6FT	96-way pin-less, 6 ft, round, shielded cable with metal cover plates
PDXI-CBL-96-9FT	96-way pin-less, 9 ft, round, shielded cable with metal cover plates
PDXI-CBL-80	1m, 80-way digital ribbon cable
